**Public assessment of belief in science versus faith and of whether science does more harm than good, by country/economy: 2014**

OECD = Organisation for Economic Co-operation and Development.

NOTES: Response to *We depend too much on science and not enough on faith*. Respondents were asked to rate from 1 (completely disagree) to 10 (completely agree). Disagreement is the aggregation of responses from 1 to 5; agreement is the aggregation of responses from 6 to 10. Response to *All things considered, would you say that the world is worse off, or better off, because of science and technology*. Respondents were asked to rate from 1 (Much worse off) to 10 (Much better off). Worse off is the aggregate of responses from 1 to 5; better off is the aggregate of responses from 6 to 10.
